Nature Brainstorm	ning
	expereince in nature complete the following.
List words that describe the environment of the control of the con	ment. can you hear, touch, smell, see, or taste? Be specific.
Describe or draw any interesting nat	ural objects, animals, plants, and/or weather that you observe.
What words would you use to expres	ss your feelings about being in this environment?
winat words would you use to expres	sa your reenings about being in this environment:

Create a Nature Poem with Personification

Personification attributes human characteristics to something natural or nonhuman.

Directions:

Add to the list of nouns and verbs below using words from your nature brainstorming. Choose one noun and one verb from the list and write the word combinations. Then expand your words into a sentence including details and descriptions. Put your lines together to create a poem.

Example:

The **sky awakens** at dawn with the chirping of the birds. The orange **flowers remember** to open toward the rising sun. Meadow **sounds begs** us to listen to the movements around us. All while the **moon waits** patiently for its time to return.
